Any sales tax charged by the provider as part of the transaction for covered services are not covered under this policy. Fees charged by a provider for services other than those covered under the policy must be paid in full by the insured person to the provider. Such fees or materials are not covered under this policy. Out-of-network provider expenses do not apply toward in-network provider expenses and in-network provider expenses do not apply toward out-of-network provider expenses. All providers are not required to carry all brands at all levels. **TERMINATION OF COVERAGE:** Vision coverage will continue until the last day for which you paid premium, subject to the grace period, or the date the insured no longer lives, resides or works in the PPO service area. Coverage will end on any date the Company cancels or non-renews all individual policies in Ohio or on any date you provide a written request to cancel coverage. Any dependents covered will terminate on the same date your coverage ends; at the end of the policy year in which your dependent ceases to be eligible; or on the last day for which premium was paid, subject to the grace period. If an act of fraud is committed against the insurance company, all coverage will end on the date such determination is made by a court of law. ADV-VC135-10012016-OH

AARP® MyVision Care provided through EyeMed – Diabetic Vision Exam Benefit

DEFINITIONS

Medical Follow-up Eye Exam: Office visit for the evaluation and management of an established patient. The office visit includes taking a detailed patient history, follow-up examination services as deemed appropriate by the provider and medical decision making related to your diabetic vision care needs.

Some or all of the diagnostic services described below will be provided as deemed appropriate by your provider.

Retinal Imaging: A photograph of portions, or the complete retinal surface and structures. (Not covered if Extended Ophthalmoscopy was provided in previous 6 months.)

Extended Ophthalmoscopy: Procedure to examine the interior of the eye, focusing on the posterior segment of the eye, including the vitreous retina and optic nerve. (Not covered if Retinal Imaging was provided in previous 6 months.)

Gonioscopy: An eye examination of the front part of the eye (anterior chamber) to check the angle where the iris meets the cornea.

Scanning Laser: Computerized ophthalmic diagnostic imaging of the posterior segment of the eye.

EXCLUSIONS & LIMITATIONS

The Diabetic benefit covers diabetic eye care evaluation services only. In addition to the Exclusions in the Vision Policy, no benefits will be paid for services connected with or charges arising from:

1. Any vision materials; or
2. Services, supplies, prescription medication or treatment for diabetes, except as specifically included in the Rider
